

Pet Friendly House Rules

- Your pet is well-behaved and not considered dangerous. The dog will have to stay under the table.
- Your pet is not noisy or doesn't jump up - not everyone is a dog lover so we must respect other guests and staff members.
- The kitchen & Bar areas are completely out of bounds for health & safety reasons & we ask you to take responsibility for your pet at all times.
- Dogs must be put on a leash when walking in and out of the restaurant & you may not leave your pet unattended or leave it under the care of any staff members. The dog can't be fed when inside the venue.
