THE HOUSE OF SUNTORY

The Nature and Spirit of Japan

For the first time since 1991, the Grand Sumo Tournament will once again grace the Royal Albert Hall - only the second time in history that an official five-day basho has taken place outside of Japan.

In celebration of this rare occasion, the House of Suntory's Hibiki Whisky has partnered with some of London's most celebrated venues to craft exclusive cocktails. Each creation offers a distinctive interpretation of Japanese ritual and artistry, brought to life through the harmony of Hibiki.
